

AGENDA ITEM 10.d.i

Revision to Board Policy No. 6001 Purpose and Scope

RECOMMENDED DIRECTIVE: The board hereby approves the revision to the *Board Policy No. 6001 Purpose and Scope*.

DISCUSSION:

Reason for the revision of the policy

The recommended new paragraph at the end of the policy was made to clarify application, compliance, and consequences of failure to comply with policies and directives. It is intended to answer questions in this area raised before and those that may be asked later.

On page one of the policy, two additional changes were made to further clarify existing language in the policy.

The other changes to the policy include: 1) the addition of numbers to the sections to make them easier to identify, reference and more clearer when citing these sections in writing for legal purposes and others and 2) capitalizing all headings to easily identify and follow existing similar policies on the college website.

Desired outcome of the recommendation

The changes discussed above will improve clarity, understanding, and the look of the policy. The changes are necessary to improve the policy over all.

Approval process followed

The policy was reviewed by the legal counsel, then Human Resources Committee and Staff/Faculty Senate during the spring 2017 semester. The final version was reviewed and endorsed by Executive Committee on August 29, 2017.

Proposed implementation date

It is recommended that the effective date shall be the date the board approves the policy.

ACTION TAKEN:

- _____ Approved as presented
- _____ Approved w/ modifications
- _____ Disapproved
- _____ Deferred to a later meeting
