DISCUSSION:

The Communication Policy and procedures outlines that all policies are to be reviewed by December 2016. The Cabinet agreed in its January 31, 2014, meeting to divide the policies into four categories: 1) policies needing revision, 2) policies needing no revision, 3) policies that are obsolete, and 4) policies that are not really policies. VPIA, DAP and one faculty member from the Curriculum and Assessment Committee reviewed all instructional affairs policies and divided them into the four groups. Instructional Affairs policies in groups 2, 3, and 4 were submitted to Cabinet and the Curriculum and Assessment Committee for information sharing February 28, 2014. The student services policies were also sent to Cabinet on February 28. The Executive Committee reviewed both the instructional affairs and student services policies in groups 2, 3, and 4 for recommendation on March 6, 2014.
