

# COLLEGE OF MICRONESIA-FSM

## BOARD POLICY No. 8800

---

### Information Technology Equipment Policy

Date Adopted: 21 May 2002

Date Revised: ~~11 December 2009~~ 24 May 2018

Date Reviewed: 24 May 2018

#### General Equipment

~~College of Micronesia-FSM instructional equipment shall be used for the primary purpose of providing instruction and educational experiences to currently enrolled students in bona fide courses for academic assignments and/or engaged in supplemental exercises deemed necessary and appropriate by the responsible instructor.~~

~~Part of the mission of the College is community service, which could be considered and interpreted as to include the extension of the privilege of the use of equipment to members of the community who are not currently enrolled as students or members of the faculty.~~

Computing resources and electronic information are provided to members of College of Micronesia-FSM (COM-FSM) faculty, staff, and student body and to authorized guests in order to accomplish the work of the college. Users of COM-FSM information systems are expected to conduct themselves in a manner consistent with the college's core values and principles of best practices. While this policy cannot address every possible situation that may arise, this policy delineates restrictions, expectations, and obligations that apply in particular to the electronic resources of the college.

College officials may implement additional action including, but not limited to, suspension of user accounts or initiation of disciplinary or legal action.

See Administrative Procedure 8800
