

AGENDA ITEM 11.g

Board Policies: 3309, 1500, 1510, 1520, 1530, 1560

RECOMMENDED DIRECTIVE: The board approves the revisions of the following policies 3309, 1500, 1510, and 1520; and the deletion of policies 1530 and 1560.

DISCUSSION: VPIA continues to review policies that need minor modifications or deletions. The attached spreadsheet explains the changes made to the policies listed. Board Policy 3309 was revised to meet accreditation Standard II.A.3 which requires the inclusion of student learning outcomes on course syllabi. That language is now part of the policy. Board Policies 1500, 1510, and 1520 are important as these documents list the certificates, degrees and programs offered at the college. These policies must be current and the information reflected accurately in all college documents and reports (Standards I.C.1; II.A.1) Twelve programs at the college have been discontinued due to low or no enrollment. These programs need to be officially deleted through a substantive change to ACCJC. The new programs that have been approved by ACCJC (nursing, public health, and Partnership BA) are added to this list.

VPIA worked with the dean of academic programs to revise the policies. The revised policies were submitted to the Curriculum and Assessment Committee and endorsed in the November 16, 2015 meeting. Cabinet reviewed the policy revisions on November 23, 2015. Executive Committee reviewed the policy revisions on November 27, 2015. Executive Committee recommended the policies for board review at the December 15-16, 2015 meeting.
