

AGENDA ITEM 11.k

Deletion of Continuous Improvement Cycle Policy

RECOMMENDED DIRECTIVE: The board hereby approves deletion of BP No. 2002.

DISCUSSION: As part of the college’s efforts to review and update policies, the Continuous Improvement Cycle Policy was reviewed at the October 9, 2015, cabinet meeting. The cabinet members recommended that the Continuous Improvement Cycle Policy be considered obsolete and be deleted. The rationale for deletion of this policy is that the college does not need to make a policy to ensure continuous improvement. Continuous improvement is embedded in the college’s mission statement, BP No. 1100, and the Strategic Plan. Continuous improvement is an accreditation matter and the role and responsibility of a post secondary institution.

ACTION TAKEN:

- _____ Approved as presented
- _____ Approved w/ modifications
- _____ Disapproved
- _____ Deferred to a later meeting
