

AGENDA ITEM 11b

Policy on Policies –BP 2001

RECOMMENDED DIRECTIVE: *The board hereby adopts the policy on policies.*

DISCUSSION:

Policy on Policies is a policy on creation of policies which brings cohesion and management to the whole development of COM-FSM policies. This policy will supersede the Manual of Administrative Policies and Procedures (MAPP). This policy is developed because the MAPP does not cover the ground in its complete corpus of policies. Within this formal institutional policy, it provides a guideline in which policies should be taken when *initiating a new policy, and revising an existing policy*. The policy also includes a number of policy levels with the corresponding parties and tasks.

The Policy on Policies have been reviewed and adopted by both Cabinet and the Executive Committee. The college is seeking approval from the Board of Regents for the adoption of this policy. Once this policy is adopted, it will officially be a college policy.

ACTION TAKEN:

- _____ Approved as presented
- _____ Approved w/ modifications
- _____ Disapproved
- _____ Deferred to a later meeting
