Dear Commissioner Daisy:

On behalf of the Board of Directors of the American Association of Community Colleges, I want to thank you for your service as a member of the Commission on Academic, Student & Community Development. Our records indicate that your commission appointment **ends on June 30, 2017**. Your insights and leadership have significantly contributed to the Board's decision-making process and its ability to serve the interests of all AACC member institutions.

We frequently receive inquiries from commissioners interested in continuing to serve on the same commission or those that would like to be considered for another commission. It is not permissible for a commissioner to remain on the commission where he/she has just completed a term. Also, due to the tremendous interest that we have received from the field to serve on commissions, beginning June 1, 2017, AACC has reinstated its policy of requiring that all institutional members whose terms are ending must wait one year before reapplying to serve. This allows other members of the association who have never served on a commission the opportunity to contribute. We sincerely hope that you will stay engaged with AACC in other leadership and professional development activities.

Dedicated leadership is essential to the continued success of community colleges and to your association. Your service as an AACC commissioner has contributed to that success – in the present and into the future. Please accept our best wishes for your future endeavors and let us know how we can serve your needs.

Sincerely,

A handwritten signature in black ink that reads 'Walter G. Bumphus'.
