RE: Tokyo Metropolitan University Study Tour

I am pleased to inform you that the Tokyo Metropolitan University is once again offering the subject program inviting COM students for a week-long study tour. This program started in 2015, and was temporarily halted after the 2019 batch due to the Pandemic.

As it was in the past, the host is inviting 10 participants which should include at least one Chaperon. As our share of the program, the participants are requested to pay 20,000 Japanese yen (roughly 180 US dollars) as participation fee to the host upon arrival in Tokyo and also cover visa application related expense. All other expense will be covered by Tokyo Metropolitan University. Attached for your reference is the tentative schedule of the Program – the Host hopes to conduct this between Nov. 19-23, 2023. An official invitation letter from the Host is forthcoming.

In this regard, I seek your kind assistance to designate a contact person from COM-FSM who can coordinate this trip with the Host.

Sincerely,

A handwritten signature in black ink, appearing to read "John Fritz", is written over a horizontal line. Below the signature, the name "John Fritz" and the title "Ambassador" are printed.

John Fritz
Ambassador
