68	I've been encountered many times here int his campus as half and half. What I mean for my comment is that it's good so far but as for the negative way, I think this campus should rely on the time that we're to start for our classes. You know sometimes we couldn't make our classes in the morning like 8:00 something. So I recommend you guys to look closely so that you guys could help your students. Thank you	9/12/2013 4:42 PM

70	Well, as I was registering for 2013 Fall semester, I sensed that some of the students that came to register early had been bashful and couldn't move, as late students came in and cut in the line. I advise that some staff put in some efforts to encourage them (the bashful students) and get them out of their shells.	9/12/2013 4:30 PM
